

# Kailashpati Enterprises

# Powering Industry. Delivering Excellence.

Your trusted partner in industrial power transmission, fluid handling, and automation — supplying genuine products from India's most reputed brands to OEMs, factories, and infrastructure projects across the nation.

INDUSTRIAL PRODUCTS TRADING

GHAZIABAD, INDIA

EST. 1978

# Company Overview

Kailashpati Enterprises is a professionally managed industrial products trading organisation headquartered in Ghaziabad, Uttar Pradesh. With over two decades of operational excellence, we serve as a critical supply chain partner for OEMs, manufacturing plants, EPC contractors, and government procurement agencies across India.

**45+**

## Years of Expertise

Established industrial trading legacy

**8**

## Product Categories

Comprehensive industrial range

**10+**

## Industries Served

Across India's industrial landscape

**500+**

## Active Clients

OEMs, factories & contractors

Our strength lies in deep technical knowledge, an extensive ready-stock inventory, and long-standing relationships with India's most trusted industrial manufacturers — enabling us to deliver the right product, at the right time, at the right price.

# Vision & Mission

## Our Vision

To be India's most trusted and technically proficient industrial products trading organisation — recognised for reliability, product authenticity, and seamless supply chain execution across every sector we serve.

We envision a future where every industrial buyer in India has access to genuine, high-performance products backed by expert guidance and dependable after-sales support.

## Our Mission

- Supply only genuine, certified products from India's most reputed industrial brands
- Maintain deep technical expertise to guide clients in product selection and application
- Ensure fast, reliable delivery with minimal lead times across India
- Build long-term partnerships through transparency, competitive pricing, and consistent quality
- Support India's manufacturing and infrastructure growth with world-class industrial products

# Our Product Portfolio

Kailashpati Enterprises offers a comprehensive range of industrial products across eight core categories — covering every critical requirement for power transmission, fluid handling, motion control, and industrial automation.

## Electric Motors

Foot mount, flange mount, brake, and slip ring motors for industrial applications

## Gearboxes

Helical, worm, and planetary gear reducers for high-torque applications

## Pumps

Centrifugal, submersible, and process pumps for fluid handling

## VFD / Drives

Variable frequency drives for precise motor speed and torque control

## Industrial Automation

PLCs, HMIs, sensors, and smart control solutions for modern factories

## Power Transmission

Couplings, shafts, belts, and mechanical transmission components

## Control Panels

Custom and standard panels for motor control and power distribution

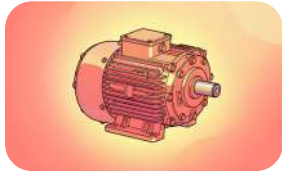

## Spare Parts

Genuine OEM spare parts for motors, pumps, and gearbox systems

# Product Showcase

Our core product lines are sourced exclusively from certified, premium-grade manufacturers — ensuring performance, durability, and compliance with Indian and international standards.

## Foot Mount Motors

Cast iron TEFC motors, 0.25 kW to 200 kW, B3 mounting for general industrial use

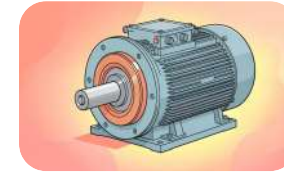

## Flange Mount Motors

B5/B14 flange motors for direct pump and gearbox coupling — compact and efficient

## Brake Motors

Electromagnetic DC brake motors for cranes, hoists, and material handling

## Slip Ring Motors

Wound rotor motors for high-inertia starts in crushers, ball mills, and compressors

## Helical Gearboxes

Parallel shaft helical reducers for high-efficiency, low-noise power transmission

## Worm Gearboxes

Right-angle worm reducers for compact installations and high reduction ratios

## Centrifugal Pumps

Single and multi-stage pumps for water transfer, irrigation, and process applications

## Submersible Pumps

Borewell and open-well submersible pumps for agriculture and industrial dewatering

# Brands We Deal In

Kailashpati Enterprises is an authorised trading partner for India's most trusted industrial brands — guaranteeing product authenticity, manufacturer warranty, and full technical support on every product we supply.

## **Crompton**

Electric motors & pumps

## **Siemens**

Motors, drives & automation

## **ABB**

Motors, drives & robotics

## **Bharat Bijlee**

Industrial electric motors

## **Kirloskar**

Pumps & industrial engines

## **Bonfiglioli**

Gear motors & gearboxes

## **SEW Eurodrive**

Drive technology & gear units

## **CG Power**

Industrial motors & transformers

Our authorised partnerships ensure that every product we supply carries genuine manufacturer certification, full warranty coverage, and direct access to OEM technical documentation and spare parts support.

# Industries We Serve

Our products power operations across India's most demanding industrial sectors — from heavy process industries to precision manufacturing and large-scale infrastructure projects.

## Cement & Steel

High-torque motors, gearboxes, and drives for crushers, mills, kilns, and rolling mills

## Plastic & Packaging

Precision drives and servo motors for injection moulding, extrusion, and packaging lines

## Textile & Food Processing

Energy-efficient motors and VFDs for looms, spinning, processing, and packaging equipment

## Chemical & Pharma

Corrosion-resistant pumps, sealed motors, and explosion-proof drives for process industries

## Infrastructure & OEM

Complete power transmission solutions for EPC contractors, machinery OEMs, and infrastructure projects

# Why Choose Kailashpati Enterprises

In a market flooded with intermediaries and unverified suppliers, Kailashpati Enterprises stands apart through product authenticity, technical depth, and a client-first commitment that extends well beyond the point of sale.

## Genuine Products Only

100% authentic products from authorised brand partners — every shipment backed by manufacturer certification and warranty documentation.

## Technical Expertise

Our team provides application-level guidance on product selection, installation, and troubleshooting — reducing downtime and optimising performance.

## Fast & Reliable Delivery

Large ready-stock inventory and established logistics partnerships enable same-day and next-day dispatch across North India and major industrial hubs.

## Competitive Pricing

Direct brand relationships and high-volume procurement allow us to offer market-leading prices without compromising on product quality or authenticity.

## After-Sales Support

Dedicated post-delivery support including warranty claims assistance, spare parts availability, and direct OEM escalation for complex technical issues.

## Trusted Sourcing

Over 25 years of uninterrupted supply relationships with India's top industrial manufacturers — a track record trusted by hundreds of repeat clients.

# Infrastructure, Network & Competitive Advantage

## Supply & Distribution Network

Our strategically located warehouse in Ghaziabad serves as the primary distribution hub for North India, with established logistics partnerships enabling reliable delivery to all major industrial clusters — NCR, Punjab, Haryana, Rajasthan, Uttar Pradesh, and beyond.

## Inventory Strength

We maintain a deep ready-stock of fast-moving SKUs across all product categories, ensuring minimal lead times for standard requirements and structured procurement timelines for specialised or custom orders.

## Our Competitive Edge

- Authorised partnerships with 8+ premium industrial brands
- 25+ years of uninterrupted supply relationships
- In-house technical team for product selection support
- GST-registered, fully compliant operations
- Scalable supply capacity for large project orders
- Proven track record with government and PSU tenders

Our streamlined three-phase supply chain ensures that every order undergoes rigorous quality verification before dispatch, enabling on-time delivery with full product traceability and documentation.

# Client Support, Growth Vision & Contact

## Service Commitment

Dedicated account managers, warranty support, spare parts availability, and direct OEM escalation — we stay with you beyond the sale.

## Growth Vision

Expanding our product range, geographic footprint, and digital procurement capabilities to serve India's growing industrial economy.

## Partner With Us

Whether you are an OEM, contractor, or procurement team — we are ready to be your most reliable industrial supply partner.
